LASU

Stackable pioneer

Alexander Gufler (IT)

EN

The clean shapes and different finishes of this table, designed by Alexander Gufler, make it suitable for a wide variety of interiors. The legs, angled similarly to those of the Merano Collection, support the thin tabletop. The table can be made of veneer or solid wood, and finished with a rustic finish that brings out the natural woodgrain. The Lasu is a very practical piece of furniture, because it is stackable – not a common feature in tables! We supply it in four different sizes.
